

**IMA Luxembourg has the pleasure
to propose to its members and friends the visit of
“Streff: Data Protection Services”**

When: Tuesday 25 April 2017 at 18:15 hrs.

Where: Streff Data Protection Services, 9 rue de l'Industrie, L-8399 Windhof

Dear members, dear friends,

Streff is a well-known transportation business company established in Luxembourg since 1928. The Chorus family who runs the business since 1970 has developed new business divisions and logistics services: special systems for the storage of furniture and archives, archive logistics, document scanning, data carrier destruction and the Security Box are just some of their new innovations.

Behind **Streff** unique walls in Europe you will find pure high-tech: on 2.3 ha, about 120 000 m³ and four different halls Streff Data Protection Services takes care of handling, stocking and destroying your files and archives. They manage to shred 2 kg of files per second or 7 200 kg per hour. Your old hard discs are shredded with a capacity of 1 000 kg per hour. All this is done with Zero CO² (Big Foot - Small Footprint). All energy needed is green energy produced on the production site.

Apart from destroying files and hard discs there is a huge storage capacity for any kind of goods that need storage, from company archives to cars or motorbikes in winter.

Data protection & finding solutions for our filing and archiving are part of our day to day companies concern. We hope to catch your interest and curiosity and are looking forward to seeing many of you there!

Agenda:

- 6.15 pm: arrival and reception of participants
- 6.30 pm: guided tour
- 8.00 pm: networking cocktail with a short summary of the International Training Day and Spring Council Meeting being held in Antwerp, Belgium on the 21st and 22nd of April 2017.
